LED Spotlights

MEIKEE LED Spotlights

Thank you for purchasing MEIKEE products. To ensure a perfect shopping experience, please follow the instructions for installation and commissioning.

If you have any questions about our products, please contact our customer service, our after-sales team will contact you at the first time, and resolve any questions about the products.
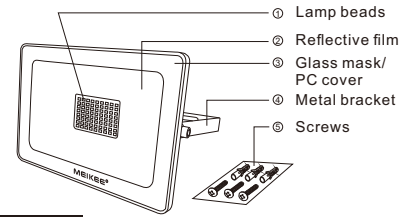

Installation guide

1. Please check the product carefully before installation. If there is any parts damaged or missing, please contact us for a replacement as soon as possible.

2. Install the lamp at a place that can bear the weight of the lamp, and turn off the power before wiring and installation.

3. To ensure the lamps work normally, please match the voltage marked on the lamps.

4. To avoid the hurt caused by the electric leakage of the lamp, please do not remodel the lamp at will.

5. The IP rating of this lamp is IP66, it cannot be immersed in water, otherwise it will stop working and cause electrical leakage.
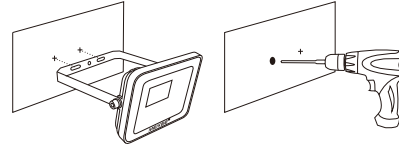

Dimension

115mm / 165mm
10W 15W 18W

141mm / 175mm
20W 25W

163mm / 185mm
30W 35W 42W

185mm / 200mm
50W 54W

260mm / 265mm
100W

320mm / 285mm
150W
